Objective	To maximise interest income, preserve capital and provide liquidity. This Fund is also suitable for risk averse investors seeking a temporary, safe holding vehicle in times of market uncertainty.	To offer investors medium to long-term income and capital growth by actively investing in a mix of local and international equities, bonds, property and cash.	To generate returns greater than inflation over the long term with lower than average risk for investors.	To seek long-term capital growth with a level of risk acceptable to the more aggressive investor.	To outperform the US\$ MSCI World Index (including income) over the long-term with lower than average risk of capital loss and with less volatility than the index.	To outperform the US\$ MSCI World Index (including income) over the long-term with lower than average risk of capital loss and with less volatility than the index.

\* The NEDGROUP Investments Managed Fund is managed by RE:CM on behalf of Nedgroup Investments

**Disclaimer:** Collective Investment Schemes in Securities (Unit trusts) are generally medium to long term investments. The value of participatory interests (units) may go down as well as up and past performance is not necessarily a guide to future performance. Unit trusts are traded at ruling prices and can engage in borrowing and scrip lending. The manager may borrow up to 10% of the market value of the portfolio where insufficient liquidity exists. A schedule of fees and charges and maximum commissions is available on request from the management company, RE:CM Collective Investments (Pty) Ltd (RE:CM). Commission and incentives may be paid and if so, would be included in the overall costs. Forward pricing is used. Funds are valued daily at 15h00. Instructions must reach RE:CM before 14h00 to ensure same day value (11h00 for the RE:CM Money Market Fund). Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Different classes of units apply to these portfolios and are subject to different fees and charges. Unit trust prices are calculated on a net asset value basis, defined as the total market value of all assets in the unit portfolio including any income accruals and less any permissible deductions (brokerage, uncertified securities tax, VAT, auditors' fees, bank charges, custodian fees, trustee fees, annual management fee and performance fees) from the portfolio divided by the number of units in issue. These portfolios may be closed. RE:CM Collective Investments (Pty) Ltd, Company Registration Number: 2004/027540/07, is a member of the Association for Savings and Investment SA (ASISA). Trustees: The Standard Bank of SA Limited, PO Box 54, Cape Town, 8000.
