

Tax Free Transfer In Form - For Transfers from other Product Providers

RECM Collective Investment Scheme - Unit Trust Funds

Important

Please ensure that you have read and understood the Minimum Disclosure Document applicable to the fund(s) you are invested in. The Minimum Disclosure Document for each fund is available free of charge on the website www.recm.co.za.

Tax Free Investment Notes:

- This is a tax free investment managed in accordance with Section 12T(8) of the Income Tax Act.
- The tax free investment is only open to individuals and not legal entities.
- Total contributions are limited to R33 000 per tax year (R500 000 over your lifetime) across all tax free investments, including monthly debit orders.
- Should your contributions exceed R33 000 per tax year, SARS will tax the contribution amounts over the limit at a flat rate of 40%.
- You can withdraw from your tax free investment at any time.
- You can transfer your tax free investment from RECM to another product provider that accepts transfers.
- Withdrawn amounts that are reinvested will be treated as additional contributions and could therefore increase your annual contribution above the threshold of R33 000, as well as increase your lifetime contribution above the threshold of R500 000.
- Income distributions will be reinvested, but will not form part of your annual or lifetime contributions.
- You must monitor your annual and lifetime contributions made to your tax free investments across different providers, so as not to exceed the prescribed limits.

Please ensure the amount above is the same as the total debit order amount in section E.

Monthly debit order collections are applied on the fifth day of each month. If the selected day falls on a weekend or public holiday, it will be effective on the next business day. The cut-off for all debit order notices to be processed in a particular month is by 14h00, three business days before the selected day.

No units will be created before monies have been banked. RECM will only process the purchase of units once the debit order collection amount reflects in the specified banking account, which may take a few days to reflect from the date of collection.

Please also note that the resulting units purchased via the monthly debit order, cannot subsequently be repurchased within 40 days from the collection date, due to a client having 40 days to dispute and therefore reverse an electronic collection with their bank.

I understand that I shall not be entitled to any refund of amounts which you have withdrawn while this authority was in force if such amounts were legally owing to you. I the undersigned, request and authorise RECM to draw against my account with the bank, per Section D above, the amount(s) necessary for payment of the monthly additional investment amount. Receipt of this instruction by RECM shall be regarded as receipt thereof by my bank.

I acknowledge that the party hereby authorised to effect the drawing(s) against my account may not cede or assign any of its rights to any third party without my prior consent and that I may not delegate any of my obligations in terms of this contract/authority to any third party without prior written consent of the authorised party.

M. TERMS AND CONDITIONS APPLICABLE TO LOCAL FUNDS

Please also refer to the terms and details applicable to the specific fund(s) selected. These can be found in Annexure A of this form.

1. Collective Investment Schemes in Securities (Unit trusts) are generally medium to long-term investments. The value of participatory interests (units) may go down as well as up and past performance is not necessarily a guide to future performance. There are no guarantees with regards to a return of capital or portfolio returns. Unit trusts are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the management company, RECM Collective Investments (Pty) Ltd (RECM), Reg. No. 2004/027540/07. Commission and incentives may be paid and if so, would be included in the overall costs. Forward pricing is used. Funds are valued daily at 15h00 with the exception of the RECM Money Market Fund which is valued before 18h00. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Different classes of units apply to these portfolios and are subject to different fees and charges. Unit trust prices are calculated on a net asset value basis, defined as the total market value of all assets in the unit portfolio including any income accruals and less any permissible deductions from the portfolio divided by the number of units in issue. Participatory interests in the RECM Money Market fund are priced at a constant value. These portfolios may be closed.
2. Purchasing of units will include no initial charges. All annual charges are levied monthly on the market value of the unit portfolio. Other charges typical to SA collective investment schemes are also likely to be included in the net asset values of this collective investment scheme. These are typically brokerage, securities transfer tax, auditors' fees, bank charges, custodian fees and trustee fees. We will strive to keep these costs as low as possible. Please see Annexure A.
3. If you want to redeem your investment, units will be repurchased by the Management Company at the ruling price calculated in accordance with the requirements of the Collective Investment Schemes Control Act and the Trust Deed and paid to the unitholder only. An "Exit Charge" and a "Low Balance Charge" may be charged to investors in accordance with the provisions of the Trust Deed for Money Market Fund redemptions.
4. All income will be capitalised unless we are otherwise advised on this form.
5. The funds listed above are managed by Regarding Capital Management (Pty) Ltd, an asset management company appointed by RECM Collective Investments (Pty) Ltd. Both entities are subsidiaries of RECM Holdings (Pty) Ltd.
6. In the event that the investor does not make use of the services of a financial advisor, the investor confirms that RECM did not assist with investment advice. The investor acknowledges and accepts that RECM will endeavour to provide the investor with as much information as possible regarding its products and services, and that such information does not constitute investment advice. The investor further acknowledges and accepts that RECM has no responsibility to provide the investor with information regarding changes to legislation. The investor understands and accepts that the investor is solely responsible for the decision to invest with RECM and fully understands the investment mandate and objectives of these collective investment schemes. Within the applicable regulations, the underlying investment composition of these collective investment schemes is at the discretion of the portfolio manager. The investor fully understands the implications hereof and hereby waives any such right or claim as the investor may have against RECM Collective Investments (Pty) Ltd and/or Regarding Capital Management (Pty) Ltd in respect of any loss or damage which may be incurred or suffered by the investor as a result of the investment composition of these funds. The investor also waives such right or claim against RECM Collective Investments (Pty) Ltd and/or Regarding Capital Management (Pty) Ltd in respect of any loss or damage which may be incurred or suffered, whether direct or indirect, by the investor as a result of the fact that no advisor was appointed to assist the investor with this investment.
7. Different classes represent different fee structures within a specific fund.
8. The manager may borrow up to 10% of the market value of the fund where insufficient liquidity exists in the fund, or where assets cannot be realised to repurchase, or cancel participatory interests. We do not expect this to happen in the ordinary course of events.
9. Investment in any of the selected funds will only be approved by RECM on receipt of the specified investment amount, a completed transaction form and all other required documentation.
10. If the unit holder requests a unit certificate, RECM will repurchase units from the unit holders investment in order to pay for the stamp duty payable in respect of the unit certificate and the net number of units will be certified.
11. RECM is a member of the Association for Savings and Investments SA (ASISA).
12. The minimum investment amounts may be raised in the future at the discretion of the Management Company.
13. The trustees of the RECM Collective Investment Scheme are: The Standard Bank of SA Limited, PO Box 54, Cape Town, 8001.
14. SARS would normally require us to withhold and pay over a portion of your dividends received, as a dividend withholding tax ("DWT"), before any dividends are actually re-invested or paid out to you. However, given this is a tax free savings investment, DWT will not be applicable to any dividends that are re-invested or paid out to you.
15. The Fund may be subject to FATCA, which is the United States Foreign Account Tax Compliance Act. The application of FATCA to the Fund is not currently clear, and its application may be affected by any intergovernmental agreement relating to the implementation of FATCA in South Africa, into which South Africa and the United States may enter. Different and potentially obligatory disclosure and withholding tax requirements may be imposed in respect of investors in the Fund and their beneficial owners as a result of either local implementing legislation and/or domestic legislation similar to FATCA. Potential investors who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment in the Fund.
16. Should you have a complaint, please email complaints@recm.co.za or call +27 21 657 3440 and we will respond accordingly.

ANNEXURE A - FUND TERMS AND DETAILS

South African Domiciled (ZAR-Based)				
Fund Name	RECM Money Market Fund	RECM Balanced Fund	RECM Global Flexible Fund	RECM Equity Fund
Strategy	Money Market	Reg. 28 Balanced	Flexible Balanced	Pure Equity (>90% Equity)
Investor Category	Retail/Institutional	Retail/Institutional	Retail/Institutional	Retail/Institutional
Value Proposition	<p>A money market unit trust that provides a sensible cash portfolio with very competitive fees. The Fund aims to maximise interest income, preserve capital and provide liquidity.</p> <p>The A class of this fund is for investors requiring a Tax Free Investment Solution.</p> <p>Note: This is not a bank account.</p>	<p>A unit trust which offers investors medium- to long-term income and capital growth by actively investing in a mix of local and offshore equities, bonds, property and cash. A maximum of 75% of the Fund's assets may be invested in equities at all times and a maximum of 30% offshore. Complies with Regulation 28 of the South African Pension Funds Act.</p> <p>The A class of this fund is for investors requiring a Tax Free Investment Solution.</p>	<p>A unit trust that may invest in equities, bonds, property, cash and offshore assets without any restrictions. The Fund's aim is to generate returns significantly greater than inflation over the long term while protecting capital against permanent loss through a rigorous adherence to a value-based philosophy.</p> <p>The F Class of this fund is for investors requiring a Tax Free Investment solution.</p>	<p>A unit trust which invests exclusively in South African equities. The Fund's aim is to outperform the South African equity market over the long term by selecting shares based on a value philosophy. The fund will remain more than 90% invested in equities at all times.</p> <p>Note: This fund does not offer a Tax Free Investment Solution.</p>
Investment Universe	SA money market instruments with a high credit rating	SA cash, bonds, equities, property; Global (up to 30%) cash, bonds, equities, property	SA: cash, bonds, equities, property; Global: cash, bonds, equities, property	SA equities only
Additional Information	<p>The total return to the investor is made up of interest received, any gain/loss on an instrument, and in most cases the return will merely have the effect of increasing or decreasing the daily yield, but in the case of abnormal losses it can have the effect of reducing capital value of the portfolio.</p> <p>The fund yield is quoted on an annual effective rate (NACA) basis. The NACA is the effective interest rate an investor can expect to earn over a 12 month period based on the nominal yield of the fund at a point in time. The nominal yield is simply the net interest accrual of all the instruments in the fund divided by the number of units in the fund (the fund NAV). The quoted NACA is always higher than the nominal yield because the calculation is based on an investor re-investing monthly income distributions back into the fund at the nominal yield. (i.e. The NACA is the compounded annual 12-month rate).</p> <p>Excessive withdrawals may place the portfolio under liquidity pressure in which case a process of ring fencing and managed pay-outs over time may be allowed.</p>

Note: All Investments carry investment risk. Where foreign investments are included in the fund, there are further risks associated, which include foreign exchange risks, tax risks and political risks. For further explanations, please read the Minimum Disclosure Document.

Total Expense Ratio (TER) and Transaction Costs

The TER reflects the percentage of the Fund's Net Asset Value that was incurred as expenses relating to the administration of the Fund, including the annual fee and the performance fee and intermediary fee if applicable. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TERs. Transaction costs are a necessary cost in administering the Fund and impacts the Fund's returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of financial product, the investment decisions of the investment manager and the TER. The TER and Transaction costs are a measure of the actual expenses incurred by the Fund over a 3 year period (annualised). If the Fund is between 1 and 3 years old, the TER and Transaction Costs are calculated using the actual expenses incurred since the inception of the Fund. The sum of the TER and Transaction Costs is shown as the Total Investment Charge in the Minimum Disclosure Document; these costs all being VAT inclusive.
